

BBQ SAFETY

- Before using a grill, check the connection between the propane tank and the fuel line.
- Never store propane tanks inside.
- Do not wear loose clothing while cooking at a barbecue.
- Be careful when using lighter fluid. Do not add fluid to an already lit fire because the flame can flashback up into the container and explode.
- Keep all matches and lighters away from children. Teach your children to report any loose matches or lighters to an adult immediately. Supervise children around outdoor grills.
- Dispose of hot coals properly – douse them with plenty of water, and stir them to ensure that the fire is out. Never place them in plastic, paper or wooden containers.
- The grill should be no less than 10 feet from any structure when in use.
- Make sure everyone knows to Stop, Drop and Roll in case a piece of clothing does catch fire. Call 911 or your local emergency number if a burn warrants serious medical attention

**HAVE A FIRE SAFE
GRILLING SEASON**
